

## **USBC FINANCE COMMITTEE REPORT**

***Purpose:** To ensure the appropriate financial structure is in place to support the overall organization needs and strategic direction of USBC and its subsidiaries.*

The previous headquarters complex in Greendale, Wis., is currently under contract to be sold. The potential purchasers are still in their due-diligence period.

The Finance Committee continues to work closely with USBC Chief Finance Officer Susan Merrill to ensure USBC meets its long-term financial objectives and goals. In this regard, the USBC is converting to a new accounting software package which will complement our ability to monitor and track all USBC financial transactions by improving our report-generating capabilities.

My thanks go out to the members of the Finance Committee and the Board of Directors for their continued support and hard work.

### **USBC Finance Committee**
