NORTH POINTE JUNIOR GOLD CHAMPIONSHIPS

QUALIFYING EVENT DETAILS: OVERVIEW

USBC Junior Gold members who have already earned an entry in this season's North Pointe Junior Gold Championships can still enter and participate in additional Junior Gold qualifying events. **However, because an athlete can only earn one entry into the North Pointe Junior Gold Championships he/she must accept his/her first berth.**

If a USBC Junior Gold member wins an entry but cannot attend the North Pointe Junior Gold Championships, he or she is responsible for alerting the North Pointe Junior Gold Championships qualifying event director so the entry may be passed to the next qualified participant in that event. An athlete who gives up his/her spot or is unable to attend must re-qualify for the following year; individual berths are not carried over to the next year. If the Junior Gold member fails to alert the Junior Gold event director, he or she risks disqualification from that Junior Gold qualifier for the following year.

Check on the status of available North Pointe Junior Gold Championships spots on BOWL.com's USBC Junior Gold pages. No spot is reserved until the \$200 entry payment has been received at USBC from the qualifying event director.

**DON'T BE LOCKED OUT
RESERVE YOUR SPOTS EARLY!**

WHAT IS THE DIFFERENCE BETWEEN A REGULAR AND A "PREMIER" EVENT?

- A regular event pays only the winner's \$200 entry fee into the North Pointe Junior Gold Championships.
- A "premier" event is an enhanced event that pays the winner's \$200 entry fee, plus any or all expenses at the North Pointe Junior Gold Championships. There is no minimum amount of a stipend for the spot to qualify as a "premier" spot.
- If an athlete already has won an entry to the North Pointe Junior Gold Championships and then wins another, he/she cannot take the second as a \$200 scholarship. The spot must go to the next highest qualified USBC Junior Gold member.
- North Pointe Junior Gold Championships berths and scholarship money are considered separate awards. If the athlete already has won an entry and wins a second event, the athlete would be awarded the first-place scholarship money, but the entry would be given to the next eligible USBC Junior Gold athlete.

NORTH POINTE JUNIOR GOLD CHAMPIONSHIPS

ENHANCED ADVANCER RATIO POLICIES

USBC Junior Gold recently changed the minimum ratio to advance players to the North Pointe Junior Gold Championships from the previous standard of 1:5 to a new standard of 1:4. What follows is an explanation of how this standard applies to various situations.

When stating an advancement ratio, event management will state that the ratio is either a “hard” number (1:4) which means they will only advance one player for every 4 entrants, or they will add the caveat in their rules stating “or a major fraction thereof” which would allow them to advance an additional player should they have additional entries in excess of 51% of their ratio number. When an event reaches this standard an additional player is allowed to advance and the event is required to subsidize any shortfall in the \$200 entry fee to the North Pointe Junior Gold Championships.

As an example, in an event having a 1:4 or major fraction thereof ratio, the event would need to have 7 entrants to advance a second player. The event would bear the financial responsibility to fund any shortfall of the \$200 entry fee to the North Pointe Junior Gold Championships. Six (6) entrants does not meet the threshold of 51%, so a second player could not advance under that rule.

If the event has additional entries in excess of their ratio, but does not meet the 51% threshold to advance an additional player, we have historically asked that the additional monies be returned to the event as additional prize monies. To address this issue and provide more players the opportunity to advance, a new policy has been adopted that could allow the next player in line to advance to the North

Pointe Junior Gold Championships. This policy is:

Once an event has met their initial ratio and has additional entries in excess of that ratio, the next player in line will have the option to claim that spot by paying any remaining shortfall between the monies collected and the \$200 entry fee for the North Pointe Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

IF YOU DO NOT USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying events for the North Pointe Junior Gold Championships given a 1:4 advancement ratio **without** the “or a major fraction thereof” stipulation.

If the event has 5, 6 or 7 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would now be given the opportunity to fund any remaining shortfall between the entry monies collected and the \$200 entry fee and claim a spot in the North Pointe Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

IF YOU USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying

events for the North Pointe Junior Gold Championships given a 1:4 advancement ratio **with** the “or a major fraction thereof” stipulation.

If the event has 5 or 6 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would be given the opportunity to pay any remaining shortfall between the entry monies collected and the \$200 entry fee and claim a spot in the North Pointe Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

If the event has 7 entrants, the tournament will advance the winner under their 1:4 ratio and an additional advancer under the “or a major fraction thereof” stipulation and the event is required to subsidize any shortfall in the \$200 entry fee to the North Pointe Junior Gold Championships.

MAJOR FRACTION THEREOF CHART

RATIO	ENTRIES NEEDED TO ADVANCE AN ADDITIONAL PLAYER
1:4	7
1:5	8
1:6	10
1:7	11
1:8	13
1:9	14
1:10	16

JUNIOR TEAM USA FORMAT AND SELECTION CRITERIA

NORTH POINTE JUNIOR GOLD CHAMPIONSHIPS AND JUNIOR TEAM USA

The pinnacle for Junior Gold members is competing at the annual North Pointe Junior Gold Championships.

The North Pointe Junior Gold Championships is open to USBC Junior Gold members who have qualified throughout the season in North Pointe Junior Gold Championships events. At the national championships, male and female Junior Gold athletes compete for berths on USBC Junior Team USA, individual national titles and scholarships in their respective divisions.

Becoming a member of Junior Team USA may be accomplished by:

- The top two male and top two female bowlers in the U20 divisions
- The top two male and top two female finalists in the U20 divisions of the double-elimination match-play bracket.
- If one or both of the two finalists from the double-elimination match-play bracket were one of the top two in qualifying, that spot(s) will become another “at-large” selection from the top 16. This also could include the U15 division for “at-large” selections.
- The National Selection Committee (NSC) will select two male and two female “at-large” members from the top 16 double-elimination match play field. This also could include the U15 division for “at-large” selections.
- Finishing as one of the top two males and top two females at the USBC Team USA Trials who meet Junior Team USA eligibility requirements.
- Being selected as one of two males and two females chosen by the NSC from the pool of Junior Gold match-play finalists or competitors at the USBC Team USA Trials.

Athletes earning spots or being selected as members of Junior Team USA will represent the United States in competition the following calendar year.

NATIONAL CHAMPIONSHIPS FORMAT

- USBC Junior Gold members who qualify from a North Pointe Junior Gold Championships qualifying event receive a paid entry for the North Pointe Junior Gold Championships. (Premier event winners receive a paid entry plus travel and/or lodging costs.)
- This five-day tournament is conducted on World Tenpin Bowling Association lane conditions.
- Qualifying for each gender-based division at the national championships consists of 15 games. Bowlers will compete on three different World Tenpin Bowling Association lane conditions at three different bowling centers.
- Total pinfall for the 15 qualifying games will determine who advances to the five-game Advancers Round that will be bowled Thursday. Bowlers will advance at a 1:7 ratio for each division; bowlers making the Advancers Round will earn a minimum \$200 scholarship.
- Total pinfall after 20 games (15 qualifying games and five Advancers Round games) will determine a maximum of 64 bowlers in each division who advance to the final qualifying round. The actual cut number will be determined by division entries.
- The final qualifying round will bowl an additional five games Thursday night to determine the top 16 for the double-elimination match-play bracket in each division.
- The 16 bowlers in each division will be seeded into a double-elimination match-play bracket where two-game total pinfall will determine the winner of each match.
- The bowlers will continue bowling until they have lost two matches, thus being eliminated from the tournament bracket finals.
- The winners of each division will be named individual national champions.
- This is a non-chaperoned event. Entrants are responsible for all arrangements.

USBC JUNIOR TEAM USA SELECTION

Qualification and Selection

Junior Team USA 2013 will be comprised of 10 male and 10 female members, and must be an eligible U.S. citizens. Junior Team USA 2013 will be determined as follows:

- The top two male and top two female finalists in the double-elimination match-play bracket of the U20 divisions will automatically qualify for Junior Team USA 2013.
- If one or both of the two finalists from the double-elimination match-play bracket already were one of the top two in qualifying, that spot(s) will become another “at-large” member selection from the top 16.
- The National Selection Committee (NSC) will select two male and two female “at-large” members from the top 16 double-elimination match-play athletes at the 2012 North Pointe Junior Gold Championships. These four NSC athletes will be announced as soon as possible following the conclusion

of the 2012 USBC Junior Gold Championships and may include U15 division.

- The top two males and top two females who are 20 or younger as of January 1, 2013, who bowl the 2013 USBC Team USA Trials (in Las Vegas, Nevada) will automatically qualify for Junior Team USA 2013, provided they are not already on Junior Team USA 2013. These four athletes can be USBC Youth or Adult members as long as they meet the age requirements.
- Two males and two females will be chosen by the NSC from a pool of athletes who were match-play finalists at the 2012 North Pointe Junior Gold Championships or who competed at the 2013 USBC Team USA Trials and are 20 or younger as of January 1, 2013. Athletes selected from the Team Trials can be USBC Youth or Adult members as long as they meet the age requirements.

Injury Exemptions

To be considered for an injury exemption from the 2012 North Pointe Junior Gold Championships, an athlete must submit a written request for exemption to the USBC national office prior to July 1, 2012, or via fax to the tournament office of the 2012 North Pointe Junior Gold

Championships prior to the end of the competition. An injury exemption from the 2013 USBC Team USA Trials must be submitted in writing to the USBC office one month prior to the start of the 2013 Team Trials. Any request for exemption must include performance history and any other relevant information from at least the past three years that would be helpful to the NSC in evaluating the member in accordance with the selection standards listed below. The NSC and USBC reserve the right to verify that a member was in fact injured at the time of the national championships, including but not limited to requiring a doctor’s release. Canadian Tenpin Federation members are encouraged to participate and are eligible to be USBC Junior Gold members; they can compete in the national championships and earn scholarships. However, they are unable to be Junior Team USA members. Only U.S. citizens are eligible to be on Junior Team USA.

National Selection Committee

There will be one National Selection Committee, which will be responsible for selecting the four at-large male and four at-large female members of Junior Team USA 2013. The NSC is comprised of no more than five individuals, one of whom will be an athlete representative as defined by USOC Bylaws. The president of USBC (bowling’s national governing body) will oversee the appointment of these individuals.

JUNIOR TEAM USA FORMAT AND SELECTION CRITERIA (Continued)

USBC JUNIOR TEAM USA SELECTION (CONTINUED)

Standards for Selection of At-Large Team Members

The National Selection Committee is charged with selecting those athletes who are most likely to create the strongest Junior Team USA. The NSC shall have the latitude to consider any qualifications which would be helpful in creating the strongest team.

In evaluating athletes for possible selection as at-large members of Junior Team USA, it is anticipated the NSC will consider at least the following criteria:

Performance: This includes all international competition, as well as any USBC, collegiate or USBC Team USA bowling tournament within the previous three years.

Physical Game: This includes, but is not limited to, the many physical elements which comprise an athlete's game, such as approach, arm swing, timing, release versatility (changing rotation and lay-down point) and speed control. It also includes, but is not limited to, the ability to play different angles, convert spares, change equipment and adjust to varying lane conditions.

Mental Game: This includes a variety of subjective factors including ability to be coached, adaptability, practice regimen, ability to stay focused, attitude, commitment, ability to perform under pressure and sportsmanship.

Team Play: This includes, but is not limited to, the intangible but crucial ability to be a positive factor in building rapport, confidence and a winning attitude among team members and coaches.

Timing of Selection

The National Selection Committee shall meet at the 2012 North Pointe Junior Gold Championships and 2013 USBC Team USA Trials. Two male and two female selections will be announced as soon as possible after the completion of the 2012 North Pointe Junior Gold Championships. The remaining two male and two female selections will be announced as soon as possible after the completion of the 2013 USBC Team USA Trials (taking into account match-play athletes from the 2012 North Pointe Junior Gold Championships and age-eligible USBC members from the 2013 USBC Team USA Trials).

Replacement of Junior Team USA Members

If, during the following calendar year, a bowler either resigns or is removed from Junior Team USA for any reason, a replacement Junior Team Member shall be named as follows: For a bowler who qualified for Junior Team USA at the North Pointe Junior Gold Championships, the next highest eligible (at the time of replacement) finisher at the national finals from the final qualifying round, who is not already on Junior Team USA, shall be named as a replacement. For a bowler who was selected to Junior Team USA by the National Selection Committee, the NSC shall confer at the time of replacement and name a new at-large member from the pool of athletes who were eligible for such selection at the championships. (Only U.S. citizens will be eligible as a replacement.) If there is no official team or individual event (unofficial events, i.e. but not limited to the USBC Junior Gold Championships or USBC Team USA Trials) scheduled for the remainder of the year, no replacement shall be named.

Junior Team USA 2012 members may obtain/move up to USBC Adult membership during their term on Junior Team USA and still maintain their spot on Junior Team USA 2012. However, they would be ineligible to bowl in the 2013 North Pointe Junior Gold Championships.

Note:

Junior Team USA coaches will select the Junior Team USA members who will participate in each event in which Junior Team USA 2013 will compete. The final standings at the 2012 North Pointe Junior Gold Championships, or how an athlete became a Junior Team USA member, will have no bearing on the makeup of the team at each competition. All 2013 Junior Team USA members will be placed into a pool and coaches will select the athletes who most likely will create the strongest team to represent the United States for that event.

If any changes to these rules are made, all national finalists will be notified prior to competition at the North Pointe Junior Gold Championships. In addition, the changes will be posted on the USBC website, BOWL.com.

FAQs

GENERAL QUESTIONS

Where can I obtain North Pointe Junior Gold Championships information?

All forms and this handbook are available on BOWL.com. Simply click on the Tournaments tab and then on the Junior Gold link and proceed to the Qualifier section where you will see the Junior Gold Tournament Handbook tab. Here you will find the necessary forms to run your event. As always, the Junior Gold staff is available to assist and answer any questions. We can be reached at USBCJuniorGold@bowl.com or by calling (800) 514-BOWL, ext. 3171.

What are the new age divisions for the North Pointe Junior Gold Championships?

- U15 Boys
- U15 Girls
- U20 Boys
- U20 Girls

Any bowler whose birthdate is 08/01/1996 or later will participate in the U15 division. All others will participate in the U20 division.

NOTE: Bowlers in the U15 division may exercise the option to participate in the U20 division by completing the NPJG Championships Opt Out form.

What are the minimum average requirements for the divisions?

There are no longer any minimum average requirements for participation. Any and all current USBC Youth Standard members are eligible to become a USBC Junior Gold Member and bowl in a North Pointe Junior Gold Championships qualifying event.

How do these changes affect players who have already qualified for the 2012 Championships?

Any U15 division eligible bowler who has already qualified for the 2012 North

Pointe Junior Gold Championships will be automatically entered into the U15 division. They can choose to be placed back in the U20 division by filling at the necessary documents that can be downloaded at Bowl.com/JuniorGold.

How do these changes affect the current qualifying structure of the North Pointe Junior Gold Championships?

They don't have to change at all. You can run qualifiers in exactly the same way and qualify the athletes into the designated age division. However, we do recommend that qualifying take place by division when possible and have changed the minimum qualifying ratio from 1:5 to 1:4 to accommodate. We have also eliminated the minimum average structure to make it easier to attract more athletes to participate in the qualifiers.

Can a U15 qualifier "play up" and participate in the U20 division instead of the U15 division at the North Pointe Junior Gold Championships?

Yes, they can by filling out the proper documentation referenced above.

How does the new advancer policy work for events using the "major fraction thereof" rule?

Once an event has met their minimum ratio and has entries in excess of that ratio, but short of the "major fraction thereof, they have the opportunity to advance one additional entrant to the North Pointe Junior Gold Championships. The next advancer only, will be allowed to claim a spot by funding the balance of the monies needed to pay for that spot. A detailed explanation of the policy can be found on the Junior Gold page of bowl.com.

How does the new advancer policy work for events NOT using the "major fraction thereof" rule?

Once an event has met their minimum

ratio and has entries in excess of that ratio, they have the opportunity to advance one additional entrant to the North Pointe Junior Gold Championships. The next advancer only, will be allowed to claim a spot by funding the balance of the monies needed to pay for that spot. A detailed explanation of the policy can be found on the Junior Gold page of bowl.com.

I see the North Pointe Junior Gold Championships spot counter on bowl.com. How can I reserve a spot before the field is sold out?

All spots are reserved on a first-come, first-served basis. Event coordinators can fax in their applications, rules and credit card information to (817) 385-8262 to expedite the process. Phone calls and e-mails with event details and credit card information are also accepted. The counter is updated periodically – not instantaneously – as spots are reserved. As the number of reserved spots nears maximum capacity, don't procrastinate. Coordinators can purchase 2012 spots at any time in advance for events held before May 30, 2012.

I have excess funds from the North Pointe Junior Gold qualifier. What should I do with those excess funds?

All excess funds must go back to the athletes who entered the Junior Gold qualifying event. However, if you hold a series of North Pointe Junior Gold Championships events through the season you can keep those funds in a "Junior Gold" account to be used if there are any shortages in future events. If the event was not part of a series, you must return those funds through expenses for the champion (from receipts the champion provides) or it can be returned to the Junior Gold bowlers as a scholarship.

FAQs

GENERAL QUESTIONS (Continued)

How can I award North Pointe Junior Gold Championships spots? What are my options?

Tournament directors have many options when awarding spots. They can award based on a ratio (1:4, 1:5, 1:6, 1:7, 1:8, 1:9, or 1:10) or they can advance their tournament champion provided they have a sufficient number of entries. You can award your spots after the bowler's three (3) games of qualifying or you can advance bowlers at the end of your tournament. League directors may award their spot at the end of the season or at the half of their season (provided their half has a minimum of 24 games). League directors can award the champion or a minimum ratio of 1:4 if divisions are used.

Please be very specific in the event rules on how the advancers to the North Pointe Junior Gold Championships will be awarded. Include the words "with major fraction thereof" after the ratio if you intend on awarding two Junior Gold spots with a 1:4 ratio and seven bowlers. If you simply state 1:4, you are not allowed to send the additional bowler until you have an increment of four.

When can I hold North Pointe Junior Gold Championships qualifying events?

Events can be held any time from May 1, 2011 through May 30, 2012 (during a regular season). In the case of a sold-out national event, USBC will consider permitting qualifying events earlier. This is on a per-year basis. All qualifying will end on May 30 of the tournament year regardless.

How long do I have to submit my post-event reports?

Junior Gold Finalist and Post-Event Tournament/League Reports are to be

submitted to Junior Gold within fifteen (15) days after the end of the event.

Holding onto this information longer than this affects the accuracy of our records and can cause eligibility issues for players who may have paid their Junior Gold membership dues at your event.

What benefits are included with the USBC Junior Gold membership?

- Gold Approach E-blasts
- One-year subscription to the online version of *Bowling This Month Magazine*.

In the North Pointe Junior Gold Championships, can an individual opt to cross over to the other gender division?

No. Girls may only compete in the girls divisions and boys can only compete in the boys divisions.

How does a player from the U15 division notify USBC of their intention to compete in the U20 division?

The event coordinator should ask each of the U15 qualifiers of their intent and list that information accordingly on the Finalist report. The player can also indicate his/her division choice on the Junior Gold membership application.

Can we hold a North Pointe Junior Gold Championships qualifying event during our association championship event?

You can easily incorporate a Junior Gold qualifying event into your local or state association championship events. Since you only need three (3) games for a qualifying event, you can use the scores from any designated event or events from your championship tournament as a Junior Gold qualifier.

TOURNAMENT QUESTIONS

What is the minimum number of games that must be bowled in a North Pointe Junior Gold Championships qualifying event?

All Junior Gold qualifying done during tournaments must have a minimum of three games in the tournament.

I want to run a Junior Gold qualifying event. What are the steps I must take?

Certify your tournament online at BOWL.com.

Submit a copy of your proposed rules and the completed JUNIOR GOLD TOURNAMENT APPLICATION to Junior Gold at least ONE MONTH prior to the event for review. Junior Gold reserves the right to reject any event that does not submit this information for review PRIOR to the event.

Within fifteen (15) days following the end of the event, the POST EVENT REPORT and the FINALIST REPORT both must be submitted to Junior Gold. Compliance with this requirement is key to Junior Gold maintaining an accurate database of advancers, alternates and Junior Gold memberships.

I run multiple North Pointe Junior Gold Championships events throughout the year, is there a streamlined procedure I can follow to get them all covered at once?

When you go to certify your tournament, you will choose the option for "Comprehensive Tournament". This will allow you to enter all your events under one certification number. When you submit your paperwork to Junior Gold, your QUALIFYING EVENT APPLICATION will have the dates of your first and last events and you can submit a listing of the date, city and

center of your additional events. If you add events during the season, simply provide us with this same information so we keep our databases up-to-date.

I have a tournament that has multiple squads. How can I run North Pointe Junior Gold Championships qualifying in this type of event?

There are two ways of running qualifying for “squad” events. The first is to make each squad a separate qualifying event. Bowlers would pay to enter a squad and each squad must meet the minimum of four Junior Gold boys or four Junior Gold girls or four Junior Gold athletes of either gender. You can then award your ratio based on the number of entries per squad. Junior Gold athletes would then have the opportunity to enter various squads. If you would prefer to award your ratio/champion after all of your squads have bowled, bowlers may only enter a Junior Gold qualifying event once prior to their squad. For example, John is bowling in squads 1, 2 and 3. He decided to participate in Junior Gold during the second squad. Then only his score from squad 2 would count towards Junior Gold, even if squads 1 and 3 were higher scores. Scores are counted immediately after the athlete pays the Junior Gold fee (if applicable).

I had a tie for my advancer and I’m only able to send one bowler based on my ratio. What do I do?

As with any tie advancing to the next level, you must hold a roll-off (USBC 326a, Item 2b) and you must have at least a one frame roll-off. In this situation, co-champions are not allowed.

At the end of my event, I found that one of the advancers did not have a current USBC Junior Gold membership. How should I handle this?

The first mistake was letting the player participate initially. Junior Gold rules require ALL participants to have a current Junior Gold membership BEFORE they begin the qualifying event. In this case, the player is not eligible to advance and should be replaced with the next eligible player in line.

I only have three bowlers who have not yet qualified for the North Pointe Junior Gold Championships. Can I pay for a bowler who has already qualified to make my required four bowlers?

No. There cannot be a “phantom” bowler included to reach the minimum requirement. If a bowler already has obtained a berth to the Junior Gold Championships, he/she may enter another tournament, provided the bowler pays for his/her entry and does so by his/her own choice. This means the bowler must consent to enter the tournament and is not allowed to be “entered into an event without his/her knowledge.”

Are there any tournament formats which are not allowed to be used as a North Pointe Junior Gold Championships qualifying event?

Currently, the only tournament formats that are not allowed for Junior Gold would be the handicap events, Baker format, 40-frame game, moonlight bowling tournaments, and 9-pin tap tournaments. All of the Junior Gold tournaments must be USBC certified and Junior Gold approved and must follow all USBC rules. If your event is not a typical tenpin format, please contact us directly and we can assist.

I run an adult/youth tournament. Is this allowed as a North Pointe Junior Gold Championships event?

Yes! As long as your adult/youth bowlers bowl a minimum of three individual games and it is scratch competition, you can simply take the youth’s score and use that as a qualifier. With the youth’s score you can then award based on your advancement ratio. You can then award any scholarship money based on the total adult/youth score.

I run a handicap and scratch tournament. The book says it must be scratch competition. Can I allow my handicap bowlers to participate in Junior Gold if they are members?

Yes, as long as you are using only their scratch scores in the Junior Gold portion of the event. Please be very specific in your tournament rules as to the eligibility of your Junior Gold qualifier.
